The Works To Host Free Educator Workshop
Co-Hosted By COSI and Sponsored By Boeing

(Newark, OH): The Works: Museum of History, Art & Technology will host a two-day Science Process Skills & Inquiry Workshop on Thursday, June 10 through Friday, June 11 from 8:00 a.m. - 4:00 p.m. This workshop is free to all educators and focuses on science content for educators in grades 1-8. The Works and COSI and co-hosting this two-day learning session sponsored by Boeing. Pre-registration for this workshop is required and space is limited. To register, educators should contact COSI at 614-228-2674.

Workshop lessons are inquiry-based that connect to state science standards allowing educators to facilitate them in the classroom with students. Educators will participate in several activities relating to force and motion. An engineer from Boeing will also be on hand to connect science theory to everyday applications. One semester hour of graduate credit is available from Ashland University for an additional fee for attending this two-day workshop.

The Works is an interactive learning center where people of all ages can have fun and be inspired by the history, technology and artistic accomplishments of the community we serve. The Works is located at 55 S. First Street, Newark, Ohio 43058. Visit us on the web at www.attheworks.org.
