The Works Honors Dedicated Staff of Volunteers Volunteers Receive The 2009 President's Volunteer Service Award

(Newark, OH): The Works: Museum of History, Art & Technology honored it's dedicated staff of volunteers on the evening of April 20, 2010. As a non-profit organization, The Works relies heavily on volunteer and community support to be able to share the amazing exhibits within the museum and touch the lives of visitors through art and science programs. The Works is fortunate to have a staff of 90 volunteers who assist with a wide range of tasks including; school tours, special events, wood shop, gift shop and front desk responsibilities.

In recognition of their generous service, several volunteers received the 2009 President's Volunteer Service Award. This award was established in 2003 by The President's Council on Service and Civic Participation to recognize the valuable contributions volunteers are making in our communities. The President's Volunteer Service Award is an ideal way to thank and honor Americans who, by their demonstrated commitment and example, inspire others to engage in volunteer service.

The Works would like to thank everyone who has volunteered their time and resources to help the museum grow and become a intriguing part of the community. Without the dedication and kindness of volunteers, none of our goals could come to fruition.
