WORKS EXHIBIT TO OPEN WITH RECEPTION

NEWARK -- The works of Mary Helen Fernandez Stewart will be on display in The Works Main Art Gallery later this month.

The "Whispers and Echoes of Women's Work" exhibit opens with a public reception from 6 to 8 p.m. May 28, giving visitors an opportunity to meet and talk with the artist who makes her marks with a needle and thread.

The exhibit is comprised of handmade quilts fashioned from dyed fabrics, beads, embellishments and found objects; each telling an intricate story that allows the artist to speak to viewers across all generations.

The works will remain on display in the gallery, with various works being available for purchase, from May 28 through July 30 from 9 a.m. to 5 p.m., Tuesdays through Saturdays.

Admission is free to the gallery exhibit and public reception event.
